**LINES WRITTEN IN EARLY SPRING**

I heard a thousand blended notes,  
 While in a grove I sat reclined,  
 In that sweet mood when pleasant thoughts  
 Bring sad thoughts to the mind.  
 To her fair works did Nature link  
 The human soul through me ran;  
 And much it grieved my heart to think  
 What man has made of man.  
 Though primrose tufts, in that green bower,  
 The periwinkle trailed its wreaths;  
 And 'tis my faith that every flower  
 Enjoys the air it breathes;  
 The birds around me hopped and played,  
 Their thoughts I cannot measure;  
 But the least motion which they made  
 It seemed a thrill of pleasure.  
 The budding twigs spread out their fan,  
 To catch the breezy air;  
 And I must think, do all I can,  
 That there was pleasure there.  
 If this belief from heaven be sent,  
 If such be Nature's holy plan,  
 Have I not reason to lament  
 What man has made of man?
